

To the CEA Family:

I just received a letter from Santa requesting to borrow Conchita's elves during the Christmas season. I had to turn him down since we need the love, support and hard work of every one of our generous elves. Thank you so much for bringing passion, enthusiasm, and time to make every celebration a show of pride.

On Saturday the rain did not dampen our spirits, just the opposite. Kids, young and old, had great fun celebrating the CEA community. The way the hallways are decorated showed the creativity, care and attention to detail that our elves bring to everything they do. And the atmosphere of unity and love permeates everyone's hearts and minds.

As Thanksgiving draws near, I give thanks for each one of you.

Blessings to you all!

Happy Thanksgiving!
