

**From the Desk of Maribel Zubieta Diaz.....**

**For a lifetime, Conchita shared her wisdom, knowledge, and love of life through music. I can still see her on her way to class, full of the strength that characterized her - ready to teach reading, math, geography, values, life lessons, all through the magic of music.**

**This coming Saturday, February 23, would have been my mother's 105<sup>th</sup> birthday. To celebrate, the faculty of our Music Department is offering a magnificent concert.**

**Music is a part of our children's education and many of them "make music" by learning to master an instrument. Is there a better way to inspire and motivate aspiring musicians than to grant them the opportunity to watch and listen to professional artists that are also their teachers?**

**Conchita is a giving community, and this concert is a gift from the hearts, the time and talents of the professional musicians who work with our students daily. In the spirit of Conchita and her legacy of community support, love of music, and joyous celebration, we look forward to gathering together to remember our founder and the legacy she has left for us. Thank you to all of the participating musicians and those who are making this concert possible. It will be an evening we will all remember. See you on Saturday!**

A handwritten signature in cursive script, reading "Maribel Z. Diaz". The signature is written in black ink and is positioned above the event details.
