

Dear Prospective CEA Parent,

In your journey to find the best school for your child, we value that you have chosen to inquire about Conchita Espinosa Academy (CEA).

In our brochure you will read about our rich and fruitful history. From our website you will glimpse parts of the varied activities in which our students participate. From a personal tour you will see our facilities and witness the joy and excitement our students have. And from your questions and our answers, you will make the decision that profoundly influences your child's life.

With the knowledge that the first fourteen years of life comprise the foundation for all that comes later, CEA is a K3 through 8th grade learning center that believes in the "sacredness of childhood." Hence, teaching and learning at CEA are based on a keen and profound understanding of the growing child.

Our commitment to educate the whole child and a weaving of an educational tapestry that promotes all aspects of growth and development are witnessed in the students who graduate from CEA. Our graduates' strong academic foundation, their spiritual awareness, their appreciation for the arts, their self-confidence and social sensitivity, and their solid values prepare them for success in high school and life.

As you read our philosophy statement, please consider carefully what you want and hope for your child. We are looking for families that believe in our philosophy and are willing to work with us to bring out the extraordinary in each of our children.

If you have any questions or would like to schedule a personal tour, please contact us at 305-227-1149.

We look forward to working with you and your child.

Sincerely,

Maribel Z. Diaz
Director
