

Conchita Connected

By Alejandra Moros

4th Grade

Conchita connected
(and still connects)
young students to
make friendships
that never end.
Her passion has taught us
to never give up
and to chase our dreams
to the ends of the Earth.
Anything can happen
with Conchita around,
the school AND the person,
in our friends and the sound.
Music floats out
of our red and yellow walls
and goes around the world
making friendships for all.
