

**Conchita in Many Words**  
**By Patricia Alvarez**  
**5th Grade**

**Conchita Espinosa was a dreamer, a lover, and a musician. Conchita followed her dream by building our school and filling it with creative, smart, artistic, and athletic dreamers. She called them children and young adults. We call them friends.**

**This school has a lot of history and celebrations. However, we can still recall our first Conchita Day. It's up there at the top of our list of special events.**

**Conchita Espinosa Academy allows us to live, love, and laugh up to the eighth grade with our friends. After eighth grade we leave to our high schools with the memories of our beloved Conchita Espinosa Academy. So let us celebrate Conchita Day by remembering our love for this school and make sure our love keeps spreading. I know if she were still here today, she'd say the same thing. So let's enjoy Conchita Day with happiness, thankfulness, and love.**
